

20 Years in the Service of Humanity

For more than 20 years, IBC has been reaching out to all people living in disadvantaged locations and who have challenges in accessing emergency relief, healthcare, education and rehabilitation services, without any discrimination of nationality, religion, language, political view, gender, age, sexual orientation, genetic or physical characteristics.

A Special Consultant on the UN Economic and Social Council (ECOSOC) and a member of the International Community of Volunteer Associations (ICVA), the IBC works in collaboration with local and national authorities, other CSOs, global donors, universities and research centers in all of its projects by leveraging their resources, technical expertise and experience in its own way of working.

Since its foundation, IBC has done ground-breaking work in fundamental rights and needs, particularly on creating sustainable livelihood, (re)integration to society, social cohesion, psychosocial support, access to education and healthcare, sustainable development, empowering women and gender equality.

# NURSES EDUCATION PROGRAM FOR YEMEN

In Yemen where it has become increasingly difficult to respond to the increased respiratory and heart failure cases with the pandemic, the 5-month Covid-19 intensive care units capacity building program carried out for 30 nurses has been completed.

Nurses who completed their training were presented with their certificates at a ceremony held in Al Mukalla, the capital of Hadramud State. With this training, nurses specialized in intubating patients with respirators in intensive care units.

## **SAHEL AFRICA EMERGENCY RELIEF PROJECTS**

Countries in Sahel Africa have awfully low life expectancies due to various issues such as public health, medical facilities, access to food and clean water, economic conditions, gender discrimination, crime rate, and civil war.

### **CHAD**

Monthly basic food needs of 1000 struggling refugee families were met in the Bongor Region (infographic)

### **Burkina Faso**

Food parcels were distributed for the basic needs of the Ouagadougou region and its surroundings, which is considered the capital of displaced migrants in Burkina Faso (infographic)

### **NIGER**

Construction of 20 water wells were completed which meet the water and sanitation needs of 20 villages in the Tarka Valley, as well as allow them to be used in agricultural activities.

**With the Sahel Africa Emergency Relief Project, approximately 14,150 beneficiaries have been reached.**

# 16 SHALLOW WATER WELLS, 10 NON-ELEVATED WATER WELLS AND SOLAR GRID PROJECT IN SOMALIA

This project aims installing the water pumps and installing the solar system into the wells to improve access safe water & electricity.

The project sought to support ongoing water development efforts in Somalia particularly Jubbaland addressing the recharge, storage, and access to safe and clean water for IDPs, returnees and host communities. The overall aim of this project was to preserve human lives in Somalia from death caused by thirst and starvation in the worst drought-hit areas in Somalia.

# EMERGENCY RELIEF PROJECTS FOR AFGHANISTAN

IBC started emergency relief efforts for IDPs who took shelter in camps in Mazar-i-Sharif, Kabul and Kunduz regions due to the security and economic problems caused by the latest developments in Afghanistan.

Following the needs analysis conducted by International Blue Crescent Foundation Cross-Border Team, the distribution of food and hygiene parcels to 1000 families fleeing conflicts was completed.

# EMERGENCY RELIEF PROJECTS FOR SUDAN

As a result of the heavy rainfall in 2020, the flood of the Nile River confronted Sudan with the biggest flood disaster in its history. 103 people have lost their lives during the incident, and more than 111 thousand households were damaged to the point they became uninhabitable.

## 100 Households in Khartum Disaster Zone received Emergency Food Relief
